by Amanda Cook, 138 bpm, (preferred key: E)

## VERSE (2x)

6                                      5  
 Your love has ravished my heart  
   1/3                      4  
 And taken me over, taken me over  
                 6                                      5  
 And all I want is to be  
   1/3                      4  
 With You forever, with You forever

## CHORUS (2x)

1                                      5                                      6  
 Pull me a little closer, Take me a little deeper  
   4  
 I want to know Your heart, I want to know Your heart  
 1                                      5                                      6  
 `Cause Your love is so much sweeter, Than anything I've tasted  
   4  
 I want to know Your heart, I want to know Your heart
