You're making me more like You, You're making me more like You
You're making me more like You everyday

Lord You saved the day, Lord you saved the day
Lord You saved the day for me

**I gotta sword in my hand today, I gotta sword in my hand today
I gotta sword in my hand today, You fill my mouth by the Spirit of God**

I'm gonna wake the dead, I'm gonna wake the dead
I'm gonna wake the dead, I got no room left for complacency
